JOIN THE LEGACY
CONGRATULATIONS!
You have taken the first step in joining the Utah Drumline! We pride ourselves in being one the finest college drumlines in the country combining a performance based and entertaining environment.

We are currently planning on a normal season. Auditions will be held through pre-recorded video submissions. See below for more information. A more complete schedule with details will follow in the coming months. We will send out a letter (as we do every year) with housing/camp logistics/comprehensive info. This year, we will wait until the University has dictated a more specific calendar for the fall; that will likely be in mid-June. We will act accordingly when the information comes our way. As always, your health and safety are our primary concern.

We are here to assist you. Do not hesitate to contact us with any questions regarding audition materials, process or general Utah Drumline Experience. Have fun and practice hard! We look forward to seeing you soon.

WHAT WE ARE LOOKING FOR

CONFIDENCE: HAVE FUN! Relax and be confident in what you bring to the table, as every individual has unique traits to his or her personalities and playing styles. True confidence is a very important thing, and will help tremendously when fitting into the line.

PREPARATION: Preparation refers to how much and how well you practice. It also refers to Your preparation will determine how CONFIDENT you are when you perform.

TEAMWORK / COLLEGIALITY: A team player is someone who is not only willing, but eager to do what is best for the group. Team players embrace their role, regardless of what section they make, and they put their interests of the marching band and drumline ahead of their own.

MUSICALITY: More than anything else, music is what we strive for. Attention to style, dynamics and articulations are key to a quality performance and the icing on the cake!

TECHNIQUE: We utilize a RELAXED, HIGH VELOCITY, REBOUNDED philosophy of technique which produces a quality sound at all levels, speed, endurance and playing philosophies that transcend the activity of marching percussion (TRANSFER VALUE).

TIMING: Tempo and rhythmic integrity is a critical aspect of what we do. Practice at tempos your hands can manage. Gradually increase tempos. There are no hard licks, just hard tempos.

CHOPS: Chops are a very important part of what we do, and play a key role in keeping up with the fast paced learning environment. Technical strength and proficiency are the basic building blocks of your contribution to the ensemble. Chops are not created within a day or a week; it takes time to build up your hands.

MEMORIZATION: Memorization demonstrates attitude and confidence. It shows that a person is dedicated to being a part of the drumline and has thoroughly prepared.
